There's still time to sign up for health insurance

Get covered—for your health and peace of mind.

Make 2014 a **healthier year.**
Your **COMMUNITY HEALTH CENTER** is here to **HELP.**

AFFORDABLE

▶ If you need health insurance, call your local Community Health Center. You will likely receive *help paying for insurance*, and it may be more affordable than you think.

"Health Insurance was always way too expensive for our family, but in the Marketplace we got a big discount on our monthly payment and extra help for doctor visits. We've already made appointments for free preventive care."

HIGH QUALITY PLANS

▶ All Marketplace plans cover doctor visits, emergency care, hospital stays, mental health, and prescription drugs. Each plan also provides many *free preventive services* including:

  ▶ Well-woman, well-baby and well-child visits
  ▶ Blood pressure, diabetes, and cholesterol tests
  ▶ Cancer screenings
  ▶ Routine vaccinations

"Our neighbors went bankrupt last year because one of them got cancer and they didn't have insurance coverage. That could have been us. But now we have a Marketplace plan and peace of mind knowing that if something happens, we're covered."

AVAILABLE TO ALL

▶ Insurance companies *can't turn you away*, even if you have serious health conditions. They can't charge you more or drop you if you get sick.

"I could never get health insurance before because of my diabetes. The Marketplace changed all that. I got a great plan that will help me manage my diabetes and high blood pressure."

NO FINE PRINT

▶ Everything is explained up front in simple language with no fine print. The Marketplace puts *all options together in one place* and lets you compare them easily.

"I thought insurance was just too complicated and I'm healthy, so I didn't bother. But you never know when you might have a serious accident. It was easy to compare plans in the Marketplace and now I'm covered for the unexpected."
